Consistent top performer in her class. Active in extracurricular activities,

**CHILD'S MESSAGE TO SPONSOR**

Dear Sponsor,

A blessed day to you. I am Angela G. Arancis, Grade 7 student last school year, in a Special Science Class Program in Tanay National High School, Tanay, Rizal. I turned 13 last April 3, 2017. Thank you for visiting me last December.

I enjoyed every single moment with you.

Thank you for everything you've given us. For helping me in my education. For the allowance, gift packs and more. Thank you very much. My average is 92. My average in English is 89. 92 in mathematics, and I am glad to tell you that I am one of the students who received a medal and a certificate last April 5. My parents also want to thank you for helping families who can't support their children's education financially. My father is a farmer while my mother is a sewer. Thanks to God that my sister is going to be a 4th year college student and I will be a grade 8 student.

May God bless you each and every time of your lives. May God also bless you as you help many families. Again, thank you very much and God bless.
